

Email extract dated 3rd April 2014

Hi Peter,

It was great to meet you last week and thank you so much for your participation and presentation during our pest prevention workshop.

We have had very positive feedback on the workshop from the attendees and a big part of the success must go to the presenters and the work that was put in to the presentations. I think your presentation rounded out the day perfectly, giving shape and measurability to the ideas coming out from the earlier presentations. This gave a handle for the more “corporatized” Fonterra representatives to grasp. I thought the photo examples worked well to illustrate your point.

I will keep your offer of independent audits and training in mind as we work on the way forward for Fonterra.

Thanks once again Peter for your effort and offer of ongoing support.

Best regards
