Peter Barry
11 Bretton Lane
Howick
AUCKLAND 2014

To whom it may concern,

I would like to take this opportunity to express my appreciation for the professional support Peter has provided for our company.

Peter has been involved with the Urban Pest Management for a number of years gaining experience in South Africa with companies such as Rentokil and with Ecolab here in New Zealand. As a result Peter has gained a wealth of knowledge and this is reflected in his role currently as a Professional Pest Management consultant, something that we here at Kwikill have certainly appreciated and benefited from especially in the area of tendering for Pest Control Services.

So on behalf of Kwikill I have no hesitation in giving my support to Peter in his quest to continue providing such valued advice and direction.

Kind regards,

A handwritten signature in blue ink, appearing to read "Mike Hermansson". The signature is fluid and cursive.

Mike Hermansson
General Manager
